Opportunities for Designated Giving

As a part of the ongoing maintenance and improvements at Messiah, the Support Committee is informing our members of two projects that are in need of financial assistance going forward.

1. Improvements to our sound system with the installation of a T coil that will assist those with hearing aids that have a setting that connects to this system.
2. Starting and building up a designated fund over a number of years for the replacement of the shingles on the sanctuary roof, as well as for the replacement of the covering on the flat roof areas.

Please check out April's Messenger for further details.
